

Audio podcast - standard package**\$450 / episode**

Includes recording, audio clean and basic edits. Allows for 2 hours edit time per episode. This package best suits informal conversational style podcasts. Conversations are left to flow naturally.

Audio Podcast - premium package**\$10 / finished minute**

Includes recording, audio clean and all required edits. This package best suits brand or broadcast podcasts. Audio is edited to remove umms/ahhs, stutters etc. so the host and guest sound concise.

Video Podcast - budget package**\$500 / episode**

One fixed camera setup. Includes recording, audio clean and basic edits. Perfect for informal conversational style podcasts. Video can also be used to make social media clips.

Video Podcast - standard package 30 min podcast**\$800 / episode**

Three camera setup for podcasts up to 30 mins in finished length. Includes recording, audio clean and editing to switch between host and guest. This package suits brand or small business podcasts that are going to be released on Youtube or video platforms.

Video Podcast - standard package 1 hour podcast**\$1,200 / episode**

Three camera setup for podcasts up to 60 mins in finished length. Includes recording, audio clean and editing to switch between host and guest. This package suits brand or small business podcasts that are going to be released on Youtube or video platforms.

Audio or Video Podcast - offsite recording**P.O.A**

If you want to record and live-stream a podcast episode, or have an offsite event or meeting you want to record and have available as a podcast, get in touch to discuss your needs.
